***Reasons for Allowance***

1. In response to amendment filed on 28 December 2005 with acknowledgement of an original application filed 17 August 2000.
2. Claims 1-52 are currently pending in this application. Claims 1, 26, 51, and 52 are independent claims. Claims 1, 26, 46, 51, and 52 have been amended. Amendment to the claims and drawings are accepted.

***Allowable Subject Matter***

3. The following is an examiner's statement of reasons for allowance: Claims 1-52 are allowed, in view of arguments presented in amendment on page 15, "Independent claims 1, 26, and 51 (note also 52 has been amended) have been amended to positively recite that the "security console, based on said security-related data and said selected receptacle, establishes a network policy that determines a desired security configuration". In addition all independent claims contain the following text that distinguishes the invention from prior art, "that there are two or more object receptacles" and that there is "at least one security console" connected to the two or more receptacles.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance".
